

Back to School Picnic for the Foster Parents

Jenny Witt, Bridgette Unger, Katie Schickowski, Carissa Davis

A Back to School Picnic was organized for the Foster Parents that are licensed through Jefferson County. This picnic was possible due to a donation from the Citizen Review Panel (CRP), the donation of time and coordination of activities from Big Brothers/Big Sisters and the help from these wonderful ladies from the CPS team (pictured above)! With the donation from the CRP we were able to supply school supplies to all of the children of the Foster Parents that attended. This was an amazing donation as we all know that school supplies can be very expensive and some of the foster parents that attended have up to six children in their home. We also had many fun activities for the children to partake in such as a photo booth (where this picture was taken!), rock painting, face painting, tattoos, bouncy house, water balloons, bubble station and lots of food catered by Bon Ton.

Foster Parents are such valuable parents to the children of our community and deserve to be shown how much they are appreciated! The job they do as foster parents is selfless, hard but very rewarding.

If you know a foster parent make sure you say thank you to them for all that they do!
